Bulletin No 1

Bulgarian Federation of Radio Amateurs (BFRA) is pleased to invite ARDF teams, individual competitors and visitors as well as guests from all over the world to the 18th World ARDF Championships that are to be held in Bulgaria in September 2016 (several pre-events are scheduled for the week before the Championships – see below).

Bulgaria and more specifically the Bulgarian seaside has been the host of numerous important international ARDF competitions and we, as organizers, have always done our best so that both competitors and guests leave our country with nothing but good memories. For the 2016 World Championship we have chosen new areas, where, until this moment, ARDF competitions haven't taken place.

We will make sure that the World Championship will be lead accordingly on the highest technological level and with excellence in what concerns attending to the participants' needs and questions that they might have.
